**OUR  
MISSION**

More than thirty-five years ago, the Norman Christeller Golf Classic raised the seed funding to start Montgomery Housing Partnership and address the affordable housing shortage in the County. Today, with close to 3,000 apartments in its portfolio, MHP is an award-winning affordable housing leader in this region. Your support helped us get there! The Norman Christeller Golf Classic remains an important constant in the MHP family. Year after year, proceeds from the tournament help fund the MHP Community Life resident services, providing important educational programming for low-income children living in our properties. Your generosity helps to offer equal footing for the MHP youth, getting them ready for kindergarten, closing the achievement gap in elementary and middle school, setting their sights to college and career readiness. We are honored to invite you to join us as we work to close the gaps in affordable housing availability and educational opportunities so that we can make home possible for all.
